

Special Education

Special Education is individualized education and support services that assist children with disabilities do well in school. Special Education is provided under the IDEA law and the Alabama Administrative Code. Parents and families are key partners and decision makers in the special education process with school teams called IEP teams.

Scottsboro City Schools and the *Alabama Parent Training and Information center* are collaborating to provide you with information and support to enable you to be the best advocate for your child. Please join us for valuable training that can help you to understand what your rights as a parent are and how to meaningfully participate in your child's IEP.

The following training opportunities are provided for you, the parent, to gain knowledge about your child and their disability, educational services, your special education rights, and special education supports and services. Be your child's best advocate and get informed. Everyone is welcome.
