

Obtaining Chalkable Parent Portal Log-on Information Updated August 1, 2016

If you have not picked up your Parent Portal log-on information, you may now go to your child's school to pick it up. If you have more than one child in school, you will need to go to your youngest child's school. You will still be required to complete the "Sign in Sheet" and show a picture identification before your password will be given to you.

If you have forgotten your password, you may contact the technology department at (256)218-2100 and we will work with you to reset your password for you.

If you have forgotten your username, you must come by the Page Administration Building and show your picture identification.

If circumstances prohibit you from gaining computer access for this purpose, please contact your child's school and a printed copy will be available for pickup in the School Office.
